Class Levels

We offer two levels of dancing for classes.
The effectiveness of visiting workshop
teachers is often hampered when the ability
of dancers in a class is less than expected for
that class. As a courtesy to our workshop
teachers and fellow dancers consider your
level of dancing when comparing it with the
descriptions below. If you are not sure
which level you should sign up for, please
ask your regular teacher.

Level 1: This level is for the less experienced dancer
or someone who enjoys dancing at a less challenging
level. Dancers should be able to dance a basic dance
after walking it through from each position.

Level 2: For the more experienced dancer who has
been dancing and attending classes regularly for at
least two years and...

- Has attended at least one previous RSCDS workshop
- Has a working knowledge of ALL basic steps and common formations
- Has been learning more advanced formations
- Is able to dance a new dance with common figures competently after only one walk through
- Can correct own errors by the beginning of the next phrase.
